

## ***Urban Forestry Grants***

---

Would you love to see tall, healthy trees along your streets and on your school campus? Are you concerned about the way people take care of trees where you live? Do you have an idea you'd like to try for helping others learn more about the importance of trees?

The Kentucky Division of Forestry can help fund good ideas for building an urban forestry program in your school or community. Grant proposals are accepted in late May for ideas that will help schools and towns learn more about the importance of trees and how to care for them.

These grants may be used to start an outdoor classroom, assess the health of trees along city streets, or offer workshops on tree pruning and planting. Any good idea that helps Kentuckians appreciate their trees and learn more about them is welcome.

Nonprofit groups, schools, and units of government are eligible for grants.

To request an application package, contact:

***Kentucky Division of Forestry***

***627 Comanche Trail***

***Frankfort, KY 40601***

***(502) 564-4496***
